I Moved Your Cheese Deepak Malhotra 2013-09-02 The author of Negotiating the Impossible "tackles our assumptions about business and life with humor, zest, and wisdom in this delightful fable" (Daniel H. Pink, New York Times-bestselling author). If you were a mouse trapped in a maze and someone kept moving the cheese, what would you do? In a world where most mice dutifully accept their circumstances, ask no questions, and keep chasing the cheese, Deepak Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. I Moved Your Cheese reveals what is possible when we finally discard long-held and widely accepted assumptions about how we should live our lives. After all, achieving extraordinary success, personal or professional, has always depended on the ability to challenge assumptions, reshape the environment, and play by a different set of rules—our own. But rejecting deeply ingrained beliefs is not easy. As Zed explains, "You see, Max, the problem is not that the mouse is in the maze, but that the

maze is in the mouse." "Deepak Malhotra allows you to glimpse a world of your own making without the limits and barriers that others create." —Stephen R. Covey, New York Times-bestselling author of The 7 Habits of Highly Effective People "A magnificent story with a powerful message. As someone who has encouraged scores of professionals into breaking through the maze and defining their own pursuits, I find this to be a gem of a book." —Vinod Khosla, cofounder, former CEO and Chairman, Sun Microsystems, and founder, Khosla Ventures "This book's message is both profound and durable. Malhotra has left the maze, and so can we." —Foreword Reviews

The Protege Stephen Frey 2005-12-27 Having survived his rise to Chairman of Everest Capital, the world's largest private equity firm, and the ferocious attempts on his life that ensued, Christian Gillette finally seems safely perched atop the financial industry. He's just accepted Everest's largest private investment, he's poised to takeover his ex-rival's sinking firm, and he's just embarked on his firm's most exciting venture to date, buying the NFL's newest team -- the Las Vegas Twenty-Ones. Plus, one of his young employees -- an ambitious deal maker

named David Wright -- has caught his eye. Wright reminds Gillette of himself just a few years back, and he's drawn to the thought of teaching the wunderkind everything the ups and downs of the industry. But everything comes to a screeching halt when a shadowy man calls him to a meeting, requesting a favor and offering in return new information about Gillette's father and his still mysterious death. Christian Gillette can't stand to be controlled, but he also can't afford to lose a chance at finally learning something substantive about his father's death. And as he becomes more entangled with the strange deal, and the frantic pace of business continues without his full attention, he feels his grip on Everest weakening -- and soon realizes his life is once more in desperate jeopardy. When all signs begin to point to David Wright, Gillette realizes that his toughest decision as Chairman lies directly ahead...

The Layguide Tony Clink 2005-09-01

This is an engaging, hugely entertaining version of The Rules for men. It gives a number of simple, effective techniques to guarantee men success with the women of their dreams. Armed with The Layguide's wisdom, men will no longer fear rejection and will have the poise, power and skills to attract any woman. Stop for a moment and reflect. What is it you strive for in life? To be famous, only to be forgotten when the next big thing comes along? To have more money than your neighbour? To get promotion and a slightly bigger office? Why? To win the love and respect of a beautiful woman. To have great sex, whenever you want, with the woman of your dreams. What if you could skip through the struggle and go straight to the prize? As the soon-to-be-published The Game testifies, this is a guide that guarantees success. No matter what your goal, and no matter what your experience, The Layguide will lead you to the place of your dreams, even if you've never spoken to a woman or had a date in your whole life. Do you want to have sex with a different beautiful woman every night of the week? This book will show you how. Do you want to play the field in search of that one special woman? This book will show you how to do that, too. For more than a decade, Tony Clink has read books, talked with friends and strangers, and searched the Internet looking for the best and most interesting ideas on picking up

women. He's tried and tested them all, finding out which ones were duds and which ones really worked, and traded his personal secrets with like-minded players around the world. And, of course, he's had lots and lots of amazing interaction with women, from steamy one night (or one hour) stands to his current two-year relationship with 'the most wonderful woman in the world'. Unlike other seduction guides, *The Layguide* is strictly no experience required. Even if you've never spoken to a woman in your life, *Clink* shows you step-by-step how to become the confident, successful 'lay man' you've always wanted to be. And if you're an experienced seducer, it will take you to heights of success you never thought possible.

Night Fire Catherine Coulter
1989-02-01 Dear Reader: *Night Fire*, the first of the *Night Trilogy*, was first published in early 1989. I haven't rewritten it, just cleaned it up a bit and Avon books has given it a wonderful new cover. Arielle Leslie is a sixteen-year-old girl forced to wed Paisley Cochrane, a sadistic old man who abuses her. When he dies, she believes herself free. But she's not. Burke Drummond, Earl of Ravensworth - a young man she'd worshipped three years before -- is home from the wars, and he wants her. When he catches her, he's in for an appalling surprise. I hope Burke and Arielle are two people who will touch you as deeply as they touched me. They face problems and obstacles never spoken of in Regency times. If you haven't yet read *Night Fire*, do give it a try. -- Catherine Coulter

The Executive in Action Peter F.

Drucker 2014-01-07 Three complete Drucker management books in one volume – Managing for Results, Innovation and Entrepreneurship, and The Effective Executive with a new preface by the author. In his preface, Peter F. Drucker says: "These three books should enable executives – whether high up in the organization or just beginning their career – to know the right things to do; – to know how to do them; and – to do them effectively. Together, these three books provide The Toolkit

for Executive Action." Drucker identifies and explains the practices, decisions and priorities for achieving business performance and executive effectiveness. These books cover "the three dimensions of the successful practice of management." *Managing for Results* was the first book to explain business strategy. Drucker shows how the existing business has to focus on opportunities rather than problems to be effective, for it is the opportunities that will bring growth and performance. *Innovation and Entrepreneurship* analyzes the challenges and opportunities of America's new entrepreneurial economy. It is a superbly practical book that explains what established businesses, public service institutions and new ventures have to know, learn and do to prepare and create the successful businesses of tomorrow. In *The Effective Executive*, Drucker discusses the five practices and habits that must be learned for executive effectiveness. Ranging widely through business and government, he demonstrates the distinctive skill of the executive and offers fresh insights into old and seemingly obvious situations. Together, these three books have sold more than a million copies; they have been published throughout the world and continue to sell actively. These are essential works for the executive and manager by "the dean of this country's business and management philosophers." —Wall Street Journal *Management* Stephen Robbins 2017-01-09
