Paul and Thecla Joseph B. Lumpkin 2015 The Acts of Paul and Thecla was written around 150 CE when there was a growing body of work attributed to the apostle Paul. Owing to the abrupt beginning of the work it is thought The Acts of Paul and Thecla was part of a larger text and was extracted to form a stand-alone work. Reasons given for its omission from the Bible are numerous. It was thought to have been written after the apostolic age; it gives high and powerful position to women in the faith; it urges women to withhold sex from their husbands and live chaste lives. Within its storyline Thecla seems to eclipse Paul in her courage and commitment to the spread of the Gospel. The text presents an unwavering stance on the virtue of celibacy preached by Paul and amplified by Thecla. In addition, Thecla is presented as a strong-willed woman who took it upon herself to preach, teach, heal, and baptize, all without permission or oversight from a man. In the age when canon was being decided, women in positions of leadership within the church was an anomaly, and the idea that a wife could decide her own fate, and even withhold sex from her husband was looked on as heresy and insolence. These were social constraints, which tainted the interpretation of scripture, both then and now. We will examine the true place of women in the Bible and how translators diminished the place and accomplishments of women by mistranslating words and phrases. We will look at the true meaning of many Bible verses as well as the complete text of Paul and Thecla, with an eye toward how women were a driving force in religion and family in the early church. In the end, a more true and just vision of women of the Bible and of ancient times will be revealed.

The Secrets of Phoenix-Eye Fist Kung-Fu depicts an enormously potent art, also known as Chuka Shaolin, that does not depend on strength or size. Instead, it utilizes a special striking technique, the phoenix-eye fist, aimed at vital points on the opponent's body. Phoenix-Eye Fist Kung-Fu excels at close-range fighting—an area neglected in many other martial arts—and employs a variety of lightning-fast strikes and kicks. Due to its deadly efficacy, there is no sparring in Chuka Shaolin, but instead complex two-person practice forms are employed—both for empty-handed fighting and for fighting with weapons—in which the practitioners fight all-out, and are protected only by a precise knowledge of the form. With hundreds of clear photographs, The Secrets of Phoenix-Eye Fist Kung-Fu reveals: The fundamental techniques of the empty-handed art A complete breakdown of the two-person empty-hand practice forms Detailed instruction in Chuka Shaolin pole fighting, including the practice forms An overview of the other weapons used in Chuka Shaolin, including the sai, the twin knives, the spear, and the farmer's hoe Special forms of Chi Kung designed to increase striking power, increase vitality, and aid in resisting and healing injuries

There's a reason why the bench press is the most popular lift in the gym: it lets you lift more weight and activate more muscle in the upper body than any other move. With all those muscle groups being affected, you need to train correctly to maximize your gym time and your weight training time. This book is going to make sure you do just that. Survive a Shooting Alain Burrese 2018-03-15 Active Shooter is all too common a phrase in the news these days. It is sad and terrible that we even have something to describe these horrific acts. The reality is that we live in a world that can, at times, be quite dangerous. The good news is that you do have options. You don't have to be a helpless victim! There are things you can learn to increase your survivability! This book will teach you how you can survive. Alain's unique methodology of Escape, Deny, and Attack Back is based on the central principle: you have to MOVE! Surviving a shooting is not a linear process as others would suggest, and this book will teach you when and how to Escape safely, how to Deny the shooter access to you if you can't escape, and how to successfully work alone, or as a team, to Attack Back and bring the killer down. Hiding and hoping isn't a plan and will likely get you killed. Learn to survive! This book is designed to save lives! Advance Praise: "Alain Burrese has written the definitive guide to mass shootings-and how to maximize your chances of surviving one. And the common-sense steps he recommends aren't just relevant for shootings-they're well calibrated to help you keep yourself and your family safe generally."

- Barry Eisler "I have been studying the problem of active killer response for more than two decades. I've read every book available on the subject and have both attended and taught countless classes on the topic. Without question, Alain's book is the absolute best reference for active killer response available on the market today. His advice is both thorough and driven by industry best practices. If you want to learn how to prevail in an active killer attack, you need this book in your library." - Greg Ellifritz "Way back in the 1990's, Alain Burrese established himself as a leading thinker in self-defense circles when he published Hard-Won Wisdom from the School of Hard Knocks. In the intervening years, Alain has continued to learn, grow, research, publish, and teach. I had the privilege to read a draft of his latest book, Survive a Shooting, which you now hold in your hands. Succinct, clear and accurate are just what I expect from Alain. Survive A Shooting offers something else. Instead of jacking up the fear to create a market, Alain took a potentially terrifying subject and created a calming, empowering book. Yes, it's bad Alain points out. But there are things you can do. You are not helpless. That's the defining message of this very useful book. I hate touchy feely jargon, but Survive a Shooting is empowering. The kind of book that leaves you a little stronger, a little more ready." - Rory Miller "Survive a Shooting is a must read for anyone that may have to engage an active shooter or mass murderer. Alain did a great job detailing the history of mass shooting situations and what we must be prepared for in the future; as well as what we can do to mitigate this ominous threat." - Dr. Dale Comstock "The CIA trains operatives to survive in hostile environments. Survive A Shooting trains people to survive active threats. Putting the knowledge in this book to use could literally save your life." - Jason Hanson "No one wants to be a victim, yet learning how to successfully defend against an armed threat can be a significant challenge. Nevertheless, with the right training it's a surmountable one. If I was going to put my life (or a member of my family's) in someone else's hands during an active shooting, I can think of no better person to safeguard it than Alain Burrese. His knowledge, experience, and pragmatic approach create powerful, trustworthy advice that everyone must know." - Lawrence Kane

Deconstructing Martial Arts Paul Bowman 2019-06-24 What is the essence of martial arts? What is their place in or relationship with culture and society? Deconstructing Martial Arts analyses familiar issues and debates that arise in scholarly, practitioner and popular cultural discussions and treatments of martial arts and argues that martial arts are dynamic and variable constructs whose meanings and values regularly shift, mutate and transform, depending on the context. It argues that deconstructing martial arts is an invaluable approach to both the scholarly study of martial arts in culture and society and also to wider understandings of what and why martial arts are. Placing martial arts in relation to core questions and concerns of media and cultural studies around identity, value, orientalism, and embodiment, Deconstructing Martial Arts introduces and elaborates deconstruction as a rewarding method of cultural studies.

Fighting Buddha Jeff Eisenberg 2017-05-16 A raucous, irreverent look into the Buddhist and Martial Arts worlds Can we be martial arts practitioners and Buddhists at the same time? Can these practices actually complement each other, in mindfulness? How do we reconcile Buddhist concepts like non-violence with a fighting practice like judo, karate or jiu jitsu? Long-standing martial arts instructor and meditator Jeff Eisenberg addresses these and other questions in his own inimitable style, employing autobiographical anecdotes, along with martial arts fighting strategies, koan and sutra teachings, and Buddhist folk stories. Fighting Buddha outlines why the true test of a martial artist's skill and of a Buddhist's application of mindfulness is during a situation that is the least conducive for it—usually not inside the Dojo or Zendo. Challenging the belief that fighting martial arts styles are not conducive to a meditative practice, the book discusses the difference between violence and the use of force as it relates to the Buddha's teaching of "cause no harm", exploring the common misunderstanding that meditative moments are exclusive to only select activities. Further topics are the struggles of beginning training and practice, the importance of identifying goals, choosing a teacher and training in support of these goals. And, far from being the often-perceived ending, Jeff concludes that enlightenment and the black belt are really only a beginning.
