The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839 Pius Onyemechi Adiele 2017-09-01 Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen

die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the

contrary to be true. The Church and her Popes were rather among the major "role players" in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemehi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

Liberty and the Great Libertarians

Charles T. Sprading 2015-04-15 In 1913, Charles T. Sprading (1871-1959) wrote a book of remarkable prescience that anticipated the systematic development of an American libertarian tradition. He called it *Liberty and the Great Libertarians*. What he provided was a biography and intellectual analysis of some thirty great thinkers. Most valuable is his extraordinary job of editing. He chooses the best and most enlightening of their writings and brings them to life. The thinkers covered include Edmund Burke, Thomas Paine, Thomas Jefferson, William Godwin, Wilhelm von Humboldt, John Stuart Mill, Ralph Waldo Emerson, William Lloyd Garrison, Wendell Phillips, Josiah Warren, Max Stirner,

Henry D. Thoreau, Herbert Spencer, Lysander Spooner, Henry George, Benjamin Tucker, Pierre Kropotkin, Abraham Lincoln, Auberon Herbert, G. Bernard Shaw, Oscar Wilde, Maria Montessori, and others. Now, not all of these people would be considered libertarians by the modern understanding. Some even called themselves socialists, as absurd as that may sound to us today. But they all exhibited in their writings a deep and abiding attachment to the idea of human liberty. They agree in the primacy of the individual. They agreed that the greatest threat to individual rights is the state. And they believed in fighting for these rights. They believed in the freedom of assembly, freedom of press, freedom of religion, freedom to think and act. They hated war and social control. They rejected every form of authoritarianism, and, in all these areas, they made huge contributions. As Sprading says in his introduction: The greatest violator of the principle of equal liberty is the State. Its functions are to control, to rule, to dictate, to regulate, and in exercising these functions it interferes with and injures individuals who have done no wrong. The objection to government is, not that it controls those who invade the liberty of others, but that it controls the non-invader. It may be necessary to govern one who will not govern himself, but that in no wise justifies governing one who is capable of and willing to govern himself. To argue that because some need restraint all must be restrained is neither consistent nor logical. Governments cannot accept liberty as their fundamental basis for justice, because governments rest upon authority and not upon liberty. To accept liberty as the fundamental basis is to discard authority; that is, to discard government itself; as

this would mean the dethronement of the leaders of government, we can expect only those who have no economic compromises to make, to accept equal liberty as the basis of justice. The introduction alone is extraordinary, given the times. On war he writes: "How is war to be abolished? By going to war? Is bloodshed to be stopped by the shedding of blood? No; the way to stop war is to stop going to war; stop supporting it and it will fall, just as slavery did, just as the Inquisition did. The end of war is in sight; there will be no more world wars. The laboring-man, who has always done the fighting, is losing his patriotism; he is beginning to realize that he has no country or much of anything else to fight for, and is beginning to decline the honor of being killed for the glory and profits of the few. Those who profit by war, those who own the country, will not fight for it; that is, they are not patriotic if it is necessary for them to do the killing or to be killed in war. In all the wars of history there are very few instances of the rich meeting their death on the battlefield." This is a fat book, 542 pages, with a vast index. It remains the best chronicle of libertarian thought ever put together, which is why Murray Rothbard chose this book as one of his favorites. This edition is a reprint of the original 1913 volume. *Light on the Path and Karma* Mabel Collins 1904

Prophecy Girl Cecily White 2013-04-02

Some prophecies are downright deadly... Amelie Bennett. . . .

Ending the world, one prophecy at a time. I was born to slay Crossworld demons. Big black flappy ones, little green squirmy ones. Unfortunately, the only thing getting slain these days is my social life. With my high school under attack, combat classes intensifying, and Academy instructors dropping right and left, I can barely get my homework done, let alone score a bondmate before prom. Then he shows up. Jackson Smith-Hailey. Unspeakably hot, hopelessly unattainable, and dangerous in all the right ways.

Sure, he's my trainer. And okay, maybe he hates me. Doesn't mean I'll ignore the wicked Guardian chemistry between us. It's crazy! Every time I'm with him, my powers explode.

Awesome, right? Wrong. Now my teachers think I'm the murderous Graymason destined to bring down our whole race of angelbloods. Everyone in New Orleans is hunting me. The people I trusted want me dead. Jack and I have five days to solve the murders, prevent a vampire uprising, and thwart the pesky prophecy foretelling his death by my hand. Shouldn't be too difficult. Getting it done without falling in love. . . that might take a miracle. Each book in the Angel Academy series is a standalone, full-length story that can be enjoyed out of order. The First Book of Adam and Eve Rutherford H. Platt 2019-03-12 The *First Book of Adam and Eve* details the life and times of Adam and Eve after they were expelled from the garden to the time that Cain kills his brother Abel. This book is simply

a version of an account handed down by words of mouth, from generation to generation, linking the time that the first human life was created to the time when somebody finally decided to write it down. Although considered to be pseudepigraphic by some, it carries significant meaning and insight into events of that time. It is doubtful that these writings could have survived all the many centuries if there were no substance to them.

The Second Book of Adam and Eve

Rutherford Platt 2013-03-14 It is considered by many scholars to be part of the "Pseudepigrapha", historical biblical works that are considered to be fiction. This stigma, prevented its inclusion in the compilation of the Holy Bible. Its a written history of what happened in the days of Adam and Eve after they were cast out of the garden. Considered to be pseudepigraphic by some, it carries significant meaning and insight into events of that time. Its simply an account handed down by word of mouth, from generation to generation, linking the time the first human life was created to the time it was finally written down. This version is the work of unknown Egyptians. The lack of historical allusion makes it difficult to date the writing, however, using other pseudepigraphical works as a reference, it was probably written a few hundred years before the birth of Christ. Parts of this version are found in the Jewish Talmud, and the Islamic Koran, showing what a vital role it played in the original literature of human wisdom.

Between God and Satan Helmut Thielicke 2010 Jesus Christ came to us to suffer temptation, to suffer our fate with regard to God, and to become our brother. Let us go to him in the desert to see what he had to

endure, and how he had to fight, so as thus to become our brother. Here we shall learn who we are and how it stands with this our world...The desert is our world; the tempter is our tempter; the forty days and nights are our time, and we are Jesus, for here he stands in our stead. Who are we then, O God, who are we?

Hope for Troubled Times Mark Finley 2020-06-03 Fear Worry Stress These emotions can overwhelm and consume us. They fill our minds with unanswerable questions. What will I lose...my health? my family? my job? my home? Will our lives ever be normal again? What is "normal"? We live in a sin-sick world. Catastrophes surround us, but we can surrender our fears to Jesus. He is the answer to overwhelming fears that consume our energy, rob our joy, and ruin our health. Fear is an emotion. Faith is an attitude, and focus is a choice. Fear must give way to faith as we adjust our focus. If our eyes are focused on the problem, fear will overcome us. If our eyes are fixed upon Jesus, the emotion of fear may still be present, but it will not cripple us. Fear will no longer dominate our lives. Discover with Pastor Mark Finley as he shows us that we have One who is larger than our fears, bigger than our worries, and greater than our anxieties by our side, and He has practical, down-to-earth, real solutions to our problems. We have the assurance of the One who said, "I will never leave you nor forsake you" (Hebrews 13:5).

The Sacred Writings of Saint Hippolytus

Saint Hippolytus This volume contains his most important polemic against heretics, the "Philosophumena", the original title of which is 'A Refutation of All Heresies'. The first book had long been known; books IV to X, which had been discovered a short time

previously, were published in 1851. But the first chapters of the fourth and the whole of the second and third books are still missing. The first four books treat of the Hellenic philosophers; books V to IX are taken up with the exposition and refutation of Christian heresies, and the last book contains a recapitulation. The work is one of the most important sources for the history of the heresies which disturbed the early Church. In addition this edition offers many fragments and an extensive appendix.

The Divine Province: Birthing New Earth Ed Rychkun 2013-01-07 In The Divine Province, Jaemes McBride and Ed Rychkun answer a 26,000 year old question of how we manifest and maintain the Golden Age. They bring into reality the New Earth consciousness unfolding during the End Times. Taking readers on a 6000 year journey of Old Earth, they expose how Earthlings have been ruled by Elite powers and how their means of conquest has been religion and commerce under a corporate model of PLANET EARTH INC. Learn how the silent dominion has separated the Earthlings from spirit, accepting the physical slavery of the body vessel, disguising the truth of who they are. Now at the end of a 26,000 year cycle, a new consciousness has awakened multitudes of sleeping imprisoned souls to bring a New Earth into awareness, threatening the

Rulers dominion and their business plan of the New World Order. It is about an awakening of who we are. Learn how the Divine Province has rapidly evolved as an expression of the new consciousness. See how it is now manifesting the physical birthing of New Earth, bringing the means from above in 5D consciousness to below into 3D reality, embodying the manifestation of peace, love, abundance and prosperity upon Old Earth. Divine Province is rapidly being populated by Divine beings of Light expressing themselves through Divine physical vessels who know who they are. In this book, the authors reveal how through rising above polarity and fear, one can choose the path leading to the alchemical gold of the Golden Age under Divine Province

The Lucifer Principle Howard Bloom
2013-11-01 "A philosophical look at the history of our species which alternated between fascinating and frightening . . . like reading Dean Koontz or Stephen King." –Rocky Mountain News
The Lucifer Principle is a revolutionary work that explores the intricate relationships among genetics, human behavior, and culture to put forth the thesis that "evil" is a by-product of nature's strategies for creation and that it is woven into our most basic biological fabric. In a sweeping narrative that moves lucidly among sophisticated scientific disciplines and covers the entire span of the earth's—as well as mankind's—history, Howard Bloom challenges some of our most popular scientific assumptions. Drawing on evidence from studies of the most primitive organisms to those on ants, apes, and humankind, the author makes a persuasive case that it is the group, or "superorganism,"

rather than the lone individual that really matters in the evolutionary struggle. But biology is not destiny, and human culture is not always the buffer to our most primitive instincts we would like to think it is. In these complex threads of thought lies the Lucifer Principle, and only through understanding its mandates will we be able to avoid the nuclear crusades that await us in the twenty-first century. "A revolutionary vision of the relationship between psychology and history, *The Lucifer Principle* will have a profound impact on our concepts of human nature. It is astonishing that a book of such importance could be such a pleasure to read."—Elizabeth F. Loftus, author of *Memory*

Thoughts and Sentiments on the Evil of Slavery Quobna Ottobah Cugoano 1999-02-01 A freed slave's daring assertion of the evils of slavery Born in present-day Ghana, Quobna Ottobah Cugoano was kidnapped at the age of thirteen and sold into slavery by his fellow Africans in 1770; he worked in the brutal plantation chain gangs of the West Indies before being freed in England. His *Thoughts and Sentiments on the Evil of Slavery* is the most direct criticism of slavery by a writer of African descent. Cugoano refutes pro-slavery arguments of the day, including slavery's supposed divine sanction; the belief that Africans gladly sold their own families into slavery; that Africans were especially suited to its rigors; and that West Indian slaves led better lives than European serfs. Exploiting his dual identity as both an African and a British citizen, Cugoano daringly asserted that all those under slavery's yoke had a moral obligation to rebel, while at the same time he appealed to white England's better self. The Sibylline Oracles (Annotated Edition) Milton S. Terry 2012 This is the extended and annotated edition including * an extensive annotation of almost 10,000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl "who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods." The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we

cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and again in the time of Vespasian (A. D. 69), and whatever books were at those dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments of them remain.

The Great Controversy Ellen G. White
2019-10-09 Beginning with the
destruction of Jerusalem and

continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.
