The Line of Departure G. Michael Hopf 2015-06-02 A gripping new novel from one of the best-known names in survivalist fiction. Former Marine-turned-author, G. Michael Hopf grabs readers from page one with his breathtaking blend of action, adventure, and political intrigue. The End—the first book in Hopf's New World series—has sold more than 50,000 copies, and word of mouth is quickly building on the series as a whole. In the fourth book, *The Line of Departure*, the United States is on the brink of total anarchy in the wake of a super-EMP attack. Gordon Van Zandt and his family have managed to beat the odds so far, but can they survive once war erupts?

Hornet's Nest Bobby Akart 2017-02-15 In this fifth book of the series, the planning for battle heats up as the residents of Shiloh Ranch and their neighbors prepare for the fights of their lives. They are banding together in an effort to defeat an evil which had plagued a small community for decades.

Doomsday Apocalypse Bobby Akart 2018-11-08 "It was New Year's Eve. As the ball dropped in Times Square, Americans were preparing for a new year and a bright future. Instead they found themselves fighting for their lives as the fuse had been lit that sent the country into chaos. With political rancor at an all-time high, the war of words escalated, and a political war erupted. Americans were caught in the crosshairs of societal unrest and a shadowy group stoking the fires of discontent burning in America. Words were replaced by weapons as neighbor turned on neighbor, and powerful forces stopped at nothing to reshape a nation in turmoil. America had become embroiled in something more than a clash of ideologies. She now faced a battle in which the blood of patriots and tyrants would be shed. As Americans struggled to survive, they sought a place of safety where they could ride out the coming storm. However, even if they can overcome the threats confronting them, will they bear witness to an America hell-bent on destroying itself? This is a story of a nation divided, on the cusp of a second civil war, and what that portends for our future. Remember, all empires collapse eventually, and America will be no exception."--Publisher description.

Life as We Knew it Susan Beth Pfeffer 2008 Through journal entries, sixteen-year-old Miranda describes her family's struggle to survive after a meteor hits the moon, causing worldwide tsunamis, earthquakes, and volcanic eruptions.

Chaos Begins (EMP Collapse Book One) Christine Kersey 2021-08-18 Getting home has never been so treacherous When an EMP takes down the power grid and everything that runs on a computer chip, Melissa has no choice but to walk from her office in downtown Salt Lake City to her home in a suburb fifteen miles south. With a few co-workers to keep her company, she isn't too worried-until they begin their journey and discover how quickly society can fall apart. Alex, Melissa's husband, works thirty blocks south of Melissa's office. When everything stops working he has to decide whether to head north and find Melissa or go in the opposite direction to see if their teenaged children made it home. Only trouble is, he's by himself and danger is everywhere.

Zero Hour Bobby Akart 2019-03-26 WOULD YOU HAVE THE MINDSET TO SURVIVE? to provide for, and defend the ones you love . . . at all costs . . . willing to confront . . . the depravity of man? This is a true story, it just hasn't happened yet. A new dystopian, post-apocalyptic thriller from best selling author, Bobby Akart,

Days of Panic Jack Hunt 2018-01-17 Jesse Michaels, bike messenger, Damon Miles, just out of prison, Maggie Gray, call center technician, and Elliot, who has been living on the streets, all find themselves in Times Square on New Year's Eve but instead of a celebration, all the power goes out and the city descends into chaos. The only way these four people will survive the aftermath of an EMP is if they work together to get out of New York City.

Last Stand William H. Weber 2014-04-29 After a collapse of government following an electromagnetic pulse (EMP), the people of a Tennessee neighborhood find themselves fighting the spreading anarchy that results. John Mack, a former soldier and prepper, hopes his years of training will help him and his fellow community members survive.

Geostorm The Shift Bobby Akart 2019-09-11 Earth is alive. Deep beneath her skin is our planet's life blood. Rivers of molten iron, pushing around a core - her beating heart. This moving, fluid iron generates the magnetic field maintaining the delicate balance of life on earth. Until she has a change of heart.

"Spellbinding. Best Akart book to date--no one can hold your attention better!" International bestselling author Bobby Akart delivers pulse-pounding thrills in *The Geostorm Series*, the story of a planet-changing phenomenon, a natural disaster brought about by the Earth itself. "Every time I have read a series by this author, I think, wow, this is the best. Now, I think, this is definitely the best. Action, suspense, everything--a definite thumbs up." The Earth's magnetic field surrounds our planet like an invisible force field connected by a north and south pole. It's what makes compasses point north and it protects our atmosphere from the continual bombardment of geomagnetic storms from the Sun. Without a magnetic field, the planet's atmosphere would be stripped away leaving critical infrastructure at risk and humanity exposed to deadly radiation. What happens when these poles begin to wander? This field grows weaker with deadly consequences for all of humanity. The change in the world's climate could change the face of the planet as we know it. "Akart is one of those very rare authors who makes things so visceral, so real, that you experience what he writes." Readers will become enthralled with the discoveries of Chapman Boone, former storm chaser, and full-time field meteorologist who begins to experience extraordinary weather anomalies. His sister, Kristi Boone, is a Doctor of Veterinary Medicine known for being attune to the exotic animals within her care. At first, the changes in the animals' behavior are subtle ... until they aren't. Follow the story of the Squire and Sarah Boone family, Indiana farmers and their children who begin to recognize the signs of *The Shift*. "Bobby Akart is truly one of the best, greatest writers alive today."

Remnants Jason D Morrow 2021-01-26 When an EMP takes out the national power grid, the country is thrown into chaos. The gates of a prison open and the people are freed. It's the middle of the night. There is no electricity. Cell phones are dead. Cars don't start. The lights won't turn on. Sheriff Leland West knows what this could mean. Stranded a few miles from town, he must now travel on foot with Henry, a fugitive in handcuffs, because it's not a matter of if the prisoners will take over the town, but when. The people need his help, but Leland isn't worried about them. His daughter is his number one priority. But to save her, he'll have to get involved, and time is running out. As sheriff, Leland has put away a few of these prisoners. Revenge could be in their minds. One prisoner in particular will be looking for him. A shadow from his past that aims to make him pay for all his sins.

Dies the Fire S. M. Stirling 2004-08-03 S. M. Stirling presents his first Novel of the Change, the start of the

New York Times bestselling postapocalyptic saga set in a world where all technology has been rendered useless. The Change occurred when an electrical storm centered over the island of Nantucket produced a blinding white flash that rendered all electronic devices and fuels inoperable—and plunged the world into a dark age humanity was unprepared to face... Michael Pound was flying over Idaho en route to the holiday home of his passengers when the plane's engines inexplicably died, forcing a less than perfect landing in the wilderness. And as Michael leads his charges to safety, he begins to realize that the engine failure was not an isolated incident. Juniper McKenzie was singing and playing guitar in a pub when her small Oregon town was thrust into darkness. Now, taking refuge in her family's cabin with her daughter and a growing circle of friends, Juniper is determined to create a farming community to benefit the survivors of this crisis. But even as people band together to help one another, others are building armies for conquest...

The Final Day William R. Forstchen 2017-01-03 A major release in the New York Times bestselling One Second After series, set in an alternate America rebuilding after an electromagnetic pulse, this is William R. Forstchen's The Final Day. Since the detonation of nuclear weapons above the United States more than two

years ago, the small town of Black Mountain, North Carolina has suffered famine, civil war, and countless deaths. Now, after defeating a new, tyrannical federal government, John Matherson and his community intend to restore their world to what it was before the EMP apocalypse. For the most part, they are succeeding. This period of relative stability doesn't last long. A new, aggressive government announces that it's taking over and ceding large portions of the country to China and Mexico. The Constitution is no longer in effect, and what's left of the U.S. Army has been deployed to suppress rebellion in the remaining states. John fears he and his town will be targets. General Bob Scales, John's old commanding officer and closest friend from prewar days, is sent to bring John into line. Will John and his people accept the new, autocratic regime? Or will revolution rip the fledgling nation apart at the seams? Months before publication, William R. Forstchen's novel One Second After was cited on the floor of Congress as a book all Americans should read. This third book in the series immerses readers once more in the story of our nation's struggle to rebuild itself after an electromagnetic pulse wipes out all electricity and plunges the country into darkness, starvation, and death. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Texas Strong Bobby Akart 2018-04-07 Texas Free! Texas Strong! A battle cry rallied a new nation. But a storm is brewing which could challenge the Texans' way of life. A warning is issued ... you better leave well enough alone because you don't know nothin' about Texas Strong. The Lone Star Series continues with Texas Strong, book four in Author Bobby Akart's latest post-apocalyptic thriller fiction series. Nuclear armageddon struck the United States and Texas received a glancing blow. The Armstrong family is reunited and now they must turn their attention to the threats which exist all around them. Through prudent planning, Texas protected its power grid from the impact of the devastating electromagnetic pulse attack, but was it enough? The new nation is but an island surrounded by chaos and devastation. Food is running out for its nearly thirty million citizens while millions of refugees press against the borderfencing erected to keep them out. The pressure is on and an unexpected catalyst is about to create havoc for all Texans, including the Armstrong Ranch. The Lone Star Series is a thought-provoking, gut-wrenching look into a post apocalyptic country devastated by nuclear destruction. Would you be ready to make the tough decisions to protect your family and survive? AUTHOR'S NOTE REGARDING PG-13 RATING The Lone Star Series does not contain strong language. It is intended to entertain and inform audiences of all ages, including teen and young adults. Although some scenes depict the realistic threat our nation faces from an EMP attack and nuclear destruction, and the societal collapse which will result in the aftermath, it does not contain graphic scenes typical of other books in the post-apocalyptic genre. I believe more of our young people need to lead a preparedness lifestyle. Studies show that our millennials do not have any of the basic survival skills. By writing this series free of vulgarities and gratuitous sexual innuendo, I've intended it to be suitable for everyone. Thanks. BOOKS IN THE LONE STAR SERIES AXIS OF EVIL - Available now. Ashes Ilsa J. Bick 2011-09-01 An electromagnetic pulse flashes across the sky, destroying every electronic device, wiping out every computerized system, and killing billions. When it happens, Alex was hiking in the woods to say good-bye to her dead parents and her personal demons. Now desperate to find out what happened after the pulse crushes her to the ground, Alex meets up with Tom—a young soldier—and Ellie, a girl whose grandfather was killed by the EMP. For this improvised family and the others who are spared, it's now a question of who can be trusted and who is no longer human. Author Ilsa J. Bick crafts a terrifying and thrilling novel about a world that could be ours at any moment, where those left standing must learn what it means not just to survive, but to live amidst the devastation.

Doomsday Civil War Bobby Akart 2019-04-17 A nation cannot be civil without civility. To some, civility cannot be restored until power is regained. A Civil War was a necessary evil, but make no mistake, it was evil. What do we, as human beings, owe to one another? And, what does it mean to be civilized when civilization is collapsing all around you? Author Bobby Akart once again masterfully tells a tale of a nation on the edge of societal collapse. For decades, Americans had found themselves increasingly at odds with one another - politically, socially, and culturally. The Second Civil War will not pit Americans against one

another over territory. It will be a fight for the heart and soul of our nation in which everybody will lose. ABOUT THE DOOMSDAY SERIES With political rancor at an all-time high, the war of words escalates and a political war erupts. Americans are caught in the crosshairs of societal unrest and a mysterious society sworn to protect the constitution against those who threaten it, at all cost. America has become embroiled in something more than a clash of ideologies. She is now facing a battle in which the blood of tyrants and patriots will be shed. This is a story about a nation divided and what that portends for the future. This could explain the deadly cocktail of exploding inequalities, massive deregulation, and conversion of the dream of globalization into a nightmare for most people. What holds these three phenomena together is the conviction, shared by some powerful people, that the ecological threat is real and that the only way for them to survive is to abandon any pretense at sharing a common future with the rest of the world. Hence their flight offshore and their massive investment in climate change denial. The Left has been slow to turn its attention to this new situation. It is still organized along an axis that goes from investment in local values to the hope of globalization and just at the time when, everywhere, people dissatisfied with the ideal of modernity are turning back to the protection of national or even ethnic borders. This is why it is urgent to shift sideways and to define politics as what leads toward the Earth and not toward the global or the national. Belonging to a territory is the phenomenon most in need of rethinking and careful redescription; learning new ways to inhabit the Earth is our biggest challenge. Bringing us down to earth is the task of politics today.

The End G. Michael Hopf 2014-01-07 A man fights to protect his family in this postapocalyptic survival novel—the first in the New World series. Young Gordon Van Zandt valued duty and loyalty to country above all, so after 9/11, he dropped out of college and joined the Marine Corps. This idealism vanished one fateful day in a war-torn city in Iraq. Ten years later, he is still struggling with the ghosts of his past when a new reality is thrust upon him and his family: North America, Europe and the Far East have all suffered a devastating Super-EMP attack, which causes catastrophic damage to the nation's power grid and essential infrastructures. Everything from cell phones to cars to computers cease to function, putting society at a standstill. With civilization in chaos, Gordon must fight for the limited and fast dwindling resources. He knows survival requires action and cooperation with his neighbors, but as the days wear on, so does all sense of civility within his community—and so he must make some of the most difficult decisions of his life in order to ensure his family's safety.

Rules of Survival: A Post-Apocalyptic Emp Survival Thriller Jack Hunt 2019-02-22 He hated the rules until the power grid failed. Tyler Ford is a tour guide, a brother, and the son of a prepper from Whitefish, Montana. Robbed of a childhood and forced to learn his father's stringent rules of survival for every kind of apocalypse, he couldn't wait to leave home, but when an EMP obliterates the United States electrical grid, takes out communication and stalls vehicles, Tyler must face the past and remember what he taught him if he hopes to make it out of Vegas alive. When chaos erupts, will you know the rules to survive? Erika Lyons just wanted an evening away from the hectic world of hotel management but she got more than she expected. There's only one thing worse than a bad date, that's relying on them to keep you alive. Demanding guests were a challenge, desperate ones, pure hell. As food stops being delivered, vehicles clog up the streets, and society begins to unravel, sin city could be the most dangerous place in America. In a world without power, fighting to stay alive may be the only rule that matters. With no warning, no communication, and planes falling out of the sky, the Ford's may be the only ones who know what it takes to thrive. Can Tyler, and two ordinary strangers survive the perilous journey home to Montana? Can the Ford family hold it together long enough to push back the tide of violence, looters and roving gangs? And will they help the community survive as the world is thrown into darkness? *Rules of Survival* is book one in *Survival Rules*, a post-apocalyptic EMP thriller series following the Ford family and their community as they fight to survive after an EMP destroys the nation's power grid.

Nuclear War Survival Skills Cresson H. Kearny 2016-01-19 A field-tested guide to surviving a nuclear attack, written by a revered civil defense expert. This edition of Cresson H. Kearny's iconic *Nuclear War*

Survival Skills (originally published in 1979), updated by Kearny himself in 1987 and again in 2001, offers expert advice for ensuring your family's safety should the worst come to pass. Chock-full of practical instructions and preventative measures, Nuclear War Survival Skills is based on years of meticulous scientific research conducted by Oak Ridge National Laboratory. Featuring a new introduction by ex-Navy SEAL Don Mann, this book also includes: instructions for six different fallout shelters, myths and facts about the dangers of nuclear weapons, tips for maintaining an adequate food and water supply, a foreword by "the father of the hydrogen bomb," physicist Dr. Edward Teller, and an "About the Author" note by Eugene P. Wigner, physicist and Nobel Laureate. Written at a time when global tensions were at their peak, Nuclear War Survival Skills remains relevant in the dangerous age in which we now live.

Point of Impact Kyla Stone 2018-12-24 Surviving the blast is only the beginning? Dakota Sloane, a tough-as-nails former foster kid, has spent her life running from the past. Her only family is her little sister, still trapped in the system. When the news shows the bombs striking several major cities, Dakota's first thought is to grab her sister and get the hell out of Miami. Logan Garcia is a man haunted by secrets. His life plan is to drink himself into oblivion, until the shockwave hits, shattering the world as he knows it. In the moments before the deadly fallout descends, Dakota offers Logan a deal. She knows a place to ride out the coming chaos, a safe house deep in the Everglades. If he helps her rescue her sister, she'll take him with her. But Dakota's past has caught up to her. Someone is hunting her through the radioactive ruins of Miami. And he won't stop until he has her...or they're both dead. An electrifying post-apocalyptic survival adventure, the Nuclear Dawn series features fast-paced action combined with strong, complex characters. Perfect for fans of Logan Keys, Jacqueline Druga, Mike Kraus, and Boyd Craven. *Rated PG-13 for violence and some swearing.*

Edge of Collapse Kyla Stone 2020-10-31 In the dead of winter, a super EMP destroys the nation's power grid. No electricity. No cars or phones. Worst of all: No heat. The country is plunged into instant chaos. But for twenty-six-year-old Hannah Sheridan, it's the best day of her life. For the last five years, she's been held captive by a sadistic psychopath--until the EMP releases the lock of her prison. Hannah emerges from her underground cell into a hostile winter landscape with no way to call for help, no vehicle that will drive, armed with nothing but the clothes on her back and her own determination to survive. Liam Coleman, cynical loner and former soldier, is headed nowhere fast. He believed he was prepared for any disaster--until the EMP took everything he'd ever cared about in a matter of seconds. When he runs across a desperate woman who will die without his help, he's forced to make a choice. Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the lack of power, desperate people, and the treacherous elements aren't the only threats. Hannah's captor isn't about to let her go. He will hunt her to the ends of the earth and beyond, destroying anything and anyone who gets in his way. For she has something he wants--she's nine months pregnant with his child. Edge of Collapse is a gripping post-apocalyptic EMP thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Boyd Craven.

36 Hours Bobby Akart 2019-03-26 WHAT WOULD YOU DO if a voice was screaming in your head - GET READY . . . for a catastrophic event of epic proportions . . . with no idea where to start . . . or how, or when? This is a true story, it just hasn't happened yet.

Nuclear Winter First Strike Bobby Akart 2021-02-11 Nuclear war may kill millions. Nuclear Winter will kill billions. International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide. "Love the intensity of his stories, his thorough research, his creativity, the characterizations and the abundant action and realistic locations." Every war begins with a first shot. The shot heard 'round the world at Lexington and Concord in 1775 birthed a nation. Less than a century later, cannons firing on Fort Sumter, South Carolina thrust that same nation into a civil war. The assassination of an obscure archduke sparked a chain of events leading to World War I. The dastardly bombing of Pearl Harbor led America into the Second World War. "Bobby Akart is the master of nail biting, edge of your seat fiction based on fact." Akart's new novel, Nuclear Winter First Strike, depicts a world on the edge of nuclear Armageddon. Will history repeat itself as warring nations take their battles to the highest level of destruction? Can America avoid being drawn into these conflicts beyond her borders? Nuclear Armageddon hangs over us like a mighty sword and ordinary Americans will

be caught in the crosshairs. "From the first word read to the last page turned, I knew Bobby Akart had a brilliant, engaging, horrifying tale to be told." This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys. Hank Albright, a widower and proprietor of the Driftwood Key Inn, is the epitome of the laid-back islander inhabiting the Keys. His brother, Mike, is a homicide detective for the Monroe County Sheriff's department. Along with his wife Jessica, a paramedic and member of the Sheriff's department water emergency team, they become involved in the investigation of a sadistic serial killer. Hank's son, Peter Albright, is a Washington, DC reporter covering the State Department. He's unknowingly thrust into the middle of the conflict in the Middle East. Upon his return home, he begins to unravel a conspiracy leading to an unexpected dynamic between the President, the Secretary of State, and North Korea. As the drumbeats of war beat louder, Hank's oldest child, Lacey McDowell, begins to sense the warning signs. Along with her husband, Owen, and teenage son, Tucker, she begins to prepare for a hasty exit from their San Francisco Bay Area home. "Believable and relatable characters are developed in such a spell-binding way that you must keep turning the pages." Will America become embroiled in the nuclear conflict? Will the President cross the Rubicon, that point of no return after which lives and cities may be destroyed? For the Albrights, like their fellow Americans, their lives are about to change forever. It was not our fight, but it became our problem. "You are there. Feeling what they feel. Anger, joy, love, mourning. You feel it all. Not everyone can write a book like this. It takes a special writer to make you feel a book." Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

The War of the Worlds H. G. Wells 2017-01-01 When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear--England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

Outage Ellisa Barr 2015-05-26 When fifteen-year-old Dee is left at her grandpa's farm in rural Washington, she thinks her life is over. She may be right. An electromagnetic-pulse attack has destroyed the country's power grid, sending the United States back to the Dark Ages. Now Dee and Grandpa must face a world without electricity and clean water let alone cell phones and the Internet as well as the chaos brought on by this sudden catastrophe. Soon their town begins to collapse as disease and lawlessness run rampant. With handsome, troubled Mason and friendly boy-next-door Hyrum at her side, Dee fights to survive and deals with a new, undeniable attraction at the same time. Meanwhile, a corrupt, power-crazed sheriff is administering a terrifying brutality and preying on the sick and the well supplied. When he sets his sights on Grandpa's farm, can Dee put her feelings aside to save her home and take back the power she'd feared was forever lost?"

America Down Keith Taylor 2018-06-29 When the North Korean EMP plunged the United States into darkness, it wasn't only those on the ground whose lives were thrown into chaos. First Officer Benjamin Cole had dreaded this moment since the day he first set foot on the flight deck. The instruments flickering out... The controls dying in his hands... His 737 nosing down towards the hills of Virginia, carrying more than a hundred passengers to almost certain death. This is your Captain speaking. Brace for impact. When

the power went out across America five thousand airplanes plunged from the skies above. Hundreds of thousands of passengers were trapped, helpless, their final moments filled with panic, confusion and terror. But some were lucky enough to survive. When the passengers of American 372 crawled, battered and broken, from the wreckage in rural Virginia they expected help to arrive at any moment. Fire trucks. Ambulances. News choppers. But something else came instead. AMERICA DOWN is the thrilling sequel to AMERICA DARK, the first instalment of the Willow Falls EMP survival series. AMERICA DOWN is a grim, terrifying tale of what's to come: a war against an enemy the United States is woefully ill-prepared to face. AMERICA DOWN was previously published as CRASH, book two of the Little Rocket Man series.

Nuclear Winter Armageddon Bobby Akart 2021-03-20 For decades, Nuclear Armageddon hanged over us like a mighty sword. Some said it would be the war to end all wars. They were wrong. The real battle against extinction was just beginning. International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide. "Masterful and suspenseful!" This is how the world ends. Not with a bang, but with many nuclear bombs detonated around the planet. It was no longer a topic of conversation around the dinner table as in years past. Nobody was prepared, including the world's governments. Yet the threat was always real and the

devastation was predictable. "Bobby's uncanny ability to take a topic of what could happen and write an epic story about it is short of preternatural!" The damage was incalculable. Millions died at the points of impact. Nuclear Winter spread across the globe. A rapidly cooling climate shocked humanity and all living things ... to their death. Akart's new Nuclear Winter series depicts a world on the edge of nuclear Armageddon. Nuclear Armageddon became reality and ordinary Americans are paying the price. "I never would have believed that Mr. Akart could outdo himself! Well, he has! This series is quite possibly the best he has ever written." This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys. While they fight for survival, they trek across a rapidly deteriorating landscape wrought with danger from both the elements and their fellow man. It was not our fight, but it became our problem. "I am speechless. By far the most edge of your seat, acrylic nail biting book ever. E V E R." Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

Emp Bobby Akart 2016-01-16 I know not with what weapons World War III will be fought, but World War IV will be fought with sticks and stones. ~ Albert Einstein From the bestselling author of CYBER WARFARE, Bobby Akart brings a poignant analysis of the threats our nation faces from a devastating Electromagnetic Pulse attack with: EMP: A threat from above to America's soft underbelly below. The clock is ticking. One second after. One year after. In poll after poll, one of the threats facing our nation is the use of an electromagnetic pulse weapon to cause a collapse of our critical infrastructure. There are many bad actors on the international stage capable of terrorism on a massive scale. The list is long, including Russia, China, North Korea, Iran, Syria and now even terrorist groups like ISIS. Each is capable of wreaking havoc in the US by shutting down our power grid and enjoying the resulting chaos. EMP is a primer on the threats we face as a nation from the rogue nations mentioned above. It explores the history of the electromagnetic pulse technology, and discusses its use for both military and non-military purposes. The clock is ticking.

Devil's Homecoming Bobby Akart 2017-03-18 In this sixth book of the series, an unexpected turn of events deals the rebuilding effort a near deadly blow as the United States Government, in the form of a FEMA occupying force, descends upon Savannah, Tennessee. The FEMA battalions leader is hell-bent on revenge and he is proof that in a post-apocalyptic world, hell is empty and all the devils are here.
